

Free First-Then Starter Kit

Visual schedule board + 8 core daily routine cards

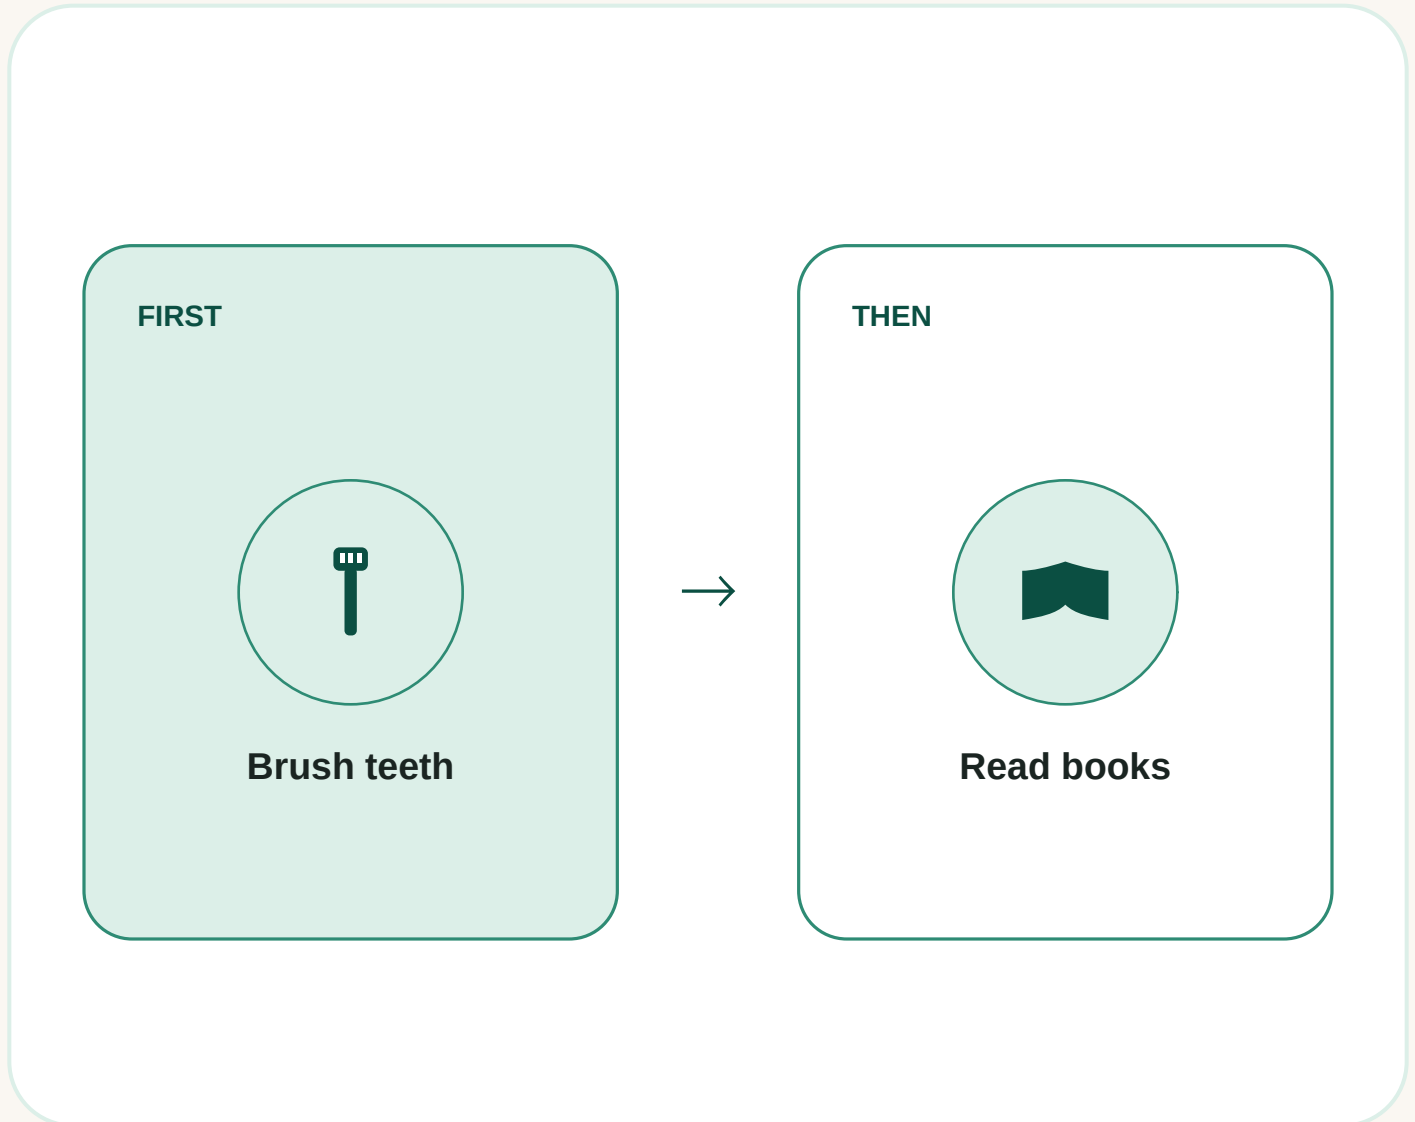

A calm, sensory-friendly visual system to end toddler & bedtime power struggles

Designed for toddlers, preschoolers, autism, ADHD, and speech transitions

Print · cut · laminate · reuse every day

Daily First-Then Board

Keep this page whole. Place only two cards at a time.

- 1. FIRST: A necessary transition or task (e.g. Brush Teeth).
- 2. THEN: A predictable calm reward or next activity (e.g. Read Book).
- 3. Slide the finished card off the board before moving to THEN.

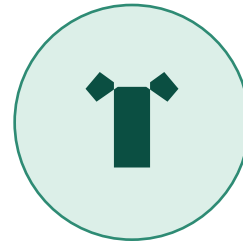

Starter Cards: Morning & Daytime

Cut on the dashed lines · Approx 2×2 inches · Laminate & add velcro dots

Brush teeth

01

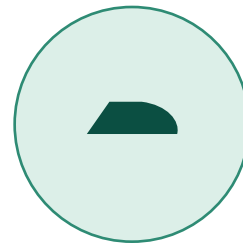

Put on clothes

02

Eat meal

03

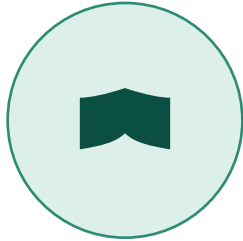

Shoes on

Read books · Bath time · Tidy toys · Sweet dreams

Quick Start Guide for Parents & Caregivers

- 1 Print on sturdy cardstock (or regular paper + laminate for durability).
- 2 Cut out the 8 visual cards. Keep the main First-Then board page intact.
- 3 Add velcro sticky dots to the card backs and board squares.
- 4 Start with simple pairings: FIRST (low-motivation task) -> THEN (high-motivation).
- 5 Keep language clear and concise: 'First shoes, then park.'

6. Always celebrate completion: 'Look! First is all done, now time for Then!'

Tenderprints printables are visual communication aids, not medical devices.
